WANTS TO STAY IN NAVY.
Reputed Heir to \$1,500,000 Will Consider Leaving Ship.

Norfolk, Va., September 29.—Despite the fact that he is reputed to have fallen heir to more than a million and a half good American dollars, Horace Keeler, a young hospital steward on the receiving ship Franklin, does not want to leave the navy.

It is reported that the Navy Department is willing to give Keeler his discharge so that he can enjoy the fortune which it is said was left him by his grandfather.

Keeler enlisted in the navy at Chicago on September 7; his home is in Richmond, Ind., and his father is a manufacturer. He is a casket maker and is learning the undertaking and embalming business, and he says he is getting valuable experience in the navy. He is attached to the surgeon corps, and witnesses most of the operations performed by the naval surgeons.

One of the stipulations of his grandfather's will, according to reports, is that he must be earning at least \$75 per month by the time he reaches his twenty-fifth birthday. In order to inherit an estate valued at more than a million and a half, he must be "much in the navy," said young Keeler.

GOVERNOR NAMES STATE AUDITOR

B. F. Dixon, Jr., Appointed to Succeed His Father—Supreme Court Opinions.

[Special to The Times-Dispatch.]—Raleigh, N. C., September 29.—Governor Kitchin commissions B. F. Dixon, Jr., State Auditor, to succeed his father, the late Major B. F. Dixon. Mr. Dixon, who is a rising young lawyer here, will assume the duties of the auditorship at once. The Governor's original purpose was to wait for the State Democratic Executive Committee to nominate a candidate, and then appoint the candidate to fill the vacancy. Upon further consideration, he realized that delay, even for a short time in filling the office, would embarrass the State's business, especially at the beginning of the month, since the State Treasurer cannot pay out any money except upon the warrant of the Auditor. Mr. Dixon is not a candidate for the nomination, and will fill the vacancy until the State Auditor is elected at the approaching November election.

The new State Auditor is a graduate of Trinity College, class of 1903, and took degrees of M. A. and LL. D. at Columbia University in 1906. He has been practicing law in Raleigh since last December.

A RASH BECOMES MASS OF HUMOR

On Baby's Face, Head and Shoulders—Parents Decided He Could Not Be Cured—Cuticura Made His Skin Perfectly Clear.

"Our boy was born in Toronto on Oct. 13, 1908, and when three months old a slight rash appeared on his cheek. What appeared to be a water blister would form. When it broke out, the rash would run out, starting new blisters until his entire face, head and shoulders were a mass of scales and you could not see a particle of clear skin. Other parts of his body were affected, but not to such an extent. We did not know what to do for him and tried about every advertised remedy without avail. Indeed some of them only added to his suffering and in one particular, the Remedies almost killed the infant in convulsions. The family doctor prescribed a course of medicine to bathe the baby in buttermilk. This did not do any good, so we took him to a hospital. We were treated as an out-patient twice a week and he got no better. If anything, we then called in another doctor, and he said a week the boy was at his work was done. But the very next day it broke out again. We decided that it could not be cured and must run its course and so we just kept him at home and let him be. He was shortly after our arrival in Duluth, the Cuticura Remedies were recommended. We used the Cuticura Remedies and the cure was complete. You would not think he was the same child for Cuticura made his skin perfectly clear and he is entirely free from the skin disease. There has been no return this time. We still use only Cuticura Soap for baby's bath. Robert Mann, Proctor, Minn., May 3, 1910."

RUTHENIANS WILL START SEMINARY

Corner-Stone of Building Laid With Impressive Ceremonies at Stony Point.

[Special to The Times-Dispatch.]—Yorktown, September 29.—At Stony Point, two miles above Yorktown, on the river front, is to be established a settlement of Ruthenians, and in connection with this a new Ruthenian seminary, the first to be established in America.

The corner-stone of this proposed seminary was consecrated and ground broken for the main building yesterday with much impressiveness, the ritual of the Greek Catholic Church prevailing and the celebration of an inaugural mass preceding. Both ceremonies, which were participated in by hundreds of the citizens of York and adjoining counties, were conducted by His Excellency, Count Andrew Alexander Sheptytsky, primate of Galicia, assisted by the Right Rev. Stephen Crivsky, Ruthenian Bishop of North America; Rev. Consultant Valentine Gorse, of McKeesport, Pa.; Rev. Joseph E. Panala, editor of the Ruthenian, Allegheny, Pa.; Rev. Leo I. Sembratowicz, pastor of the Church of St. Nicholas, Buffalo, N. Y., and Rev. Father Michael Dymynsky, pastor of Holy Trinity Church, Niagara Falls, N. Y.

The primary work of this proposed seminary in connection with which will be a monastery, an orphanage and a home for the aged, will be the training of American-born Ruthenians to become priests of the numerous Ruthenian colonies being established throughout America.

In addition to his being the primate of Galicia, Archbishop Sheptytsky is a member of the Imperial Order of Lords, private counselor of the Emperor Francis Joseph, and a man of exceptionally high rank in ecclesiastical and political circles of Austria. He came to America to attend the recent Eucharistic Congress at Montreal, and was the first to visit Yorktown to conduct the ceremonies at the site of the proposed seminary, in which he evinces great interest and promises material support. He expressed himself as much pleased at having the first Ruthenian seminary established on such historical ground and on such a famous river as the York.

While here his excellency visited the various points of interest, and paid a glowing tribute to the memory of the men who made old Yorktown famous in history. The site selected for the seminary, he said, is an ideal one, and he promised to watch with great interest its progress.

WATER SUPPLY LOW.
If Present Dry Spell Continues Norfolk Will Face Famine.

[Special to The Times-Dispatch.]—Norfolk, Va., September 29.—The announcement of Engineer Dorin, of the Water Department, made yesterday, that if the present dry spell should continue for six or seven days, the city lakes would be unable to keep the city supplied with water, has created considerable alarm. The engineer also shows that the statistics for the past thirty-five years are unfavorable for the amount of rainfall during the next six months that will be necessary to maintain the supply that will be needed for the city's use.
